

**Action on Asbestos offers
Free & confidential benefit
and legal advice to those
diagnosed with an asbestos
condition and their
families.**

**“Proud to be sponsors of
NHS nurses in Scotland”**

**Come along to our group
meeting and have a cup of
tea and a sandwich. You
will meet others who have
been diagnosed with an
asbestos related condition.
Partners are more than
welcome.**

Mon-Fri 9am - 5pm

Action on Asbestos is a company limited by Guarantee with charitable Status
Company Number: 399038 | Scottish Charity Number: SCO17874
Registered Office: 245 High Street, Glasgow, G4 0QR

The Services we provide:

- We provide a home visiting service for those with a diagnosis of an asbestos related lung cancer or mesothelioma.
- We host funding raising events throughout Scotland.
- We actively campaign to have asbestos removed from schools in Scotland.
- We raise funds to help the NHS (our charity already sponsors a nurse in Scotland, and hope to sponsor more).
- We host monthly support groups throughout Scotland.
- We care deeply for those diagnosed with a condition caused through no fault of their own.

Asbestos Related Conditions

Pleural Plaques:

Areas of scar tissue on the lung

Pleural Thickening:

Thickening of the lung walls

Asbestosis:

Scarring of the lung tissues leading to reduced lung function

Mesothelioma:

A tumour which grows in the lining of the lung or peritoneum (abdomen)

Lung Cancer:

Primary carcinoma of the lung

Action on Asbestos also offer assistance with benefit and legal advice to those diagnosed with other Industrial Injuries/accidents.
